

TAPES

PARR TAPE (GRAY)

1/8" x 1" x 50'   (8 ea.)

BUTYL TAPE (GRAY)

1/8" x 1" x 50'   (8 ea.)

FLEXIBLE SEAL (CLEAR AND WHITE)

Available in caulk tube, flexible seal is a construction grade, high performance sealant that seals out water and weather. Having excellent adhesion, it stays flexible with 800% elongation. It is paintable and adheres to damp surfaces. Flexible Seal seals wood, glass, concrete, fiberglass, stone, most painted surfaces, metal and brick and has a 20-year life expectancy.

Flexible Seal (Clear and White) TUBE  CASE  (12 ea.)

BOSTIC FASTSET 1100 (COLONIAL WHITE)

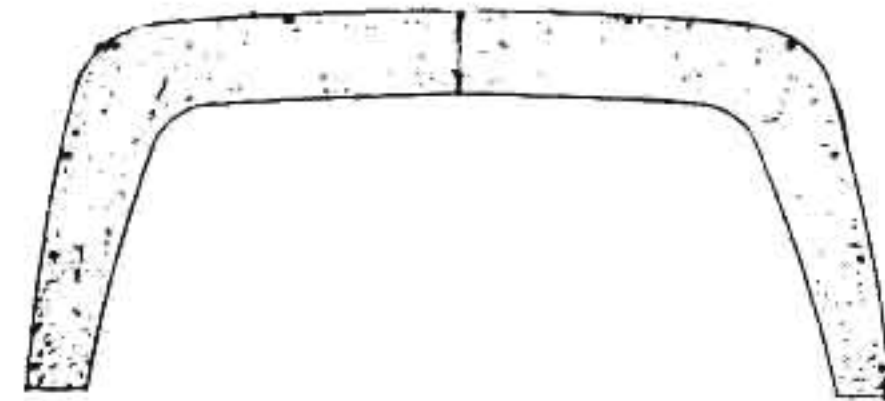

A one-part urethane sealant/adhesive that cures by reaction with atmospheric moisture to form an extremely tough, flexible seal/bond. Tack-free in 100 minutes, this is a faster curing material than other one-part urethane sealing products. It is designed for applications requiring speed and strength.

Bostic 1100 (Colonial White) TUBE  CASE  (12 ea.)
